

## Heat Treating

Tool & die shops, mold shops and manufacturing companies all benefit from the in-house heat treating capabilities at Tool Dynamics. Tooling pick-up and delivery services are also available for our heat treat customers. Please call us at **(812) 379-4243**, fax us at **(812) 379-4222**, or **contact your TD representative** for more information and/or a quote.
